**Instructions:** Take one “BIRDO” sheet and a dry erase marker. There are 5 versions to choose from. If you have a group playing together, then be sure to take different versions! Look for items on the sheet and mark off each box as you find the item. The middle space, the Kellogg Bird Sanctuary Logo, is a free space. The goal is to connect 5 boxes in any direction (i.e across, vertical, diagonal). If more than one participant, the first to connect 5 boxes in a row wins!
